BUILDING DESIGN

IF YOU DREAM IT  
WE CAN DO IT

EXTERIOR DESIGN

01

## COMMERCIAL PROJECT

From concept to completion, we deliver designs that inspire and perform. We design commercial buildings that blend functionality, innovation and aesthetic appeal. Our strength lies in thinking big, seeing the bigger picture and delivering modern property projects that stand out today and well into the future.

## RESIDENTIAL PROJECT

Worldldesign creates the properties of tomorrow with visionary design, bold architecture and sustainable solutions. We deliver projects that don't just stand out they make an impact.

SWEDEN

PLAYGROUND  
DESIGN

Fantasy-filled and joyfully vibrant playgrounds that spark imagination and adventure. Every space we create invites children into a world of wonder, where play meets creativity in safe, engaging and magical environments.

05

MODERN  
HOME DESIGN

Where simplicity meets sophistication. We don't just design buildings we create living environments where architecture, innovation and sustainability meet in perfect harmony.

# INTERIOR DESIGN

Every detail matters because modern living deserves modern design.

11

## LIVING ROOM DESIGN

## MATERIAL & COLOR DESIGN

From custom layouts to carefully chosen materials, every element is selected with purpose. Smart technology integrates seamlessly, while textures and tones create a sense of calm and elegance.

## DETAIL DRAWING

Design lives in the details. Every curve, color and texture is intentional crafted to enhance form and function. We focus on the little things that make a big impact. At Worlddesign, every project is a journey of perfecting the smallest details to create something truly exceptional.

Design is an experience that elevates everyday life. We catch every detail because we know that these subtle touches make all the difference in creating something truly extraordinary.

## LANDSCAPE DESIGN

At Worldldesign, we specialize in landscape design from small, elegant gardens to complex, architecturally crafted outdoor spaces. Each project is shaped by the unique characteristics of the site and the client's vision. Regardless of the project's size, we always strive for timeless and sustainable design.
